	Number	Percentage							
1	70	92%	Medicaid						
2	0	0%	Hawk-I						
3	0	0%	Medicare (SSI or other)						
4	5	7%	Private Insurance						
5	1	1%	No health care coverage as of June 30, 2009						
I. Health Care for Target Children									
	Number	Percentage							
1	76	100%	<b>Medical Home:</b> Established for target children and accessing						
2	75	99%	Target children with received ALL preventive health services <u>for age</u> according to the EPSDT s						
<del>3</del>	<del>15</del>	<del>19%</del>	(except Dental/Oral Health or Lead Screen)						
3	15	<del>19%</del>	Target children ≥ age 2 yr						
4	15	100%	Target children with immunizations according to recommended schedule by age 2						
5	0	0%	Target children with legitimate immunization exemption						
6	37	<del>49%</del>	Target children ≥ 12 months						
7	35	95%	<b>Lead Poisoning:</b> Number target children ≥ 12 mo. screened for Blood Lead Level (BLL)						

8	0	0%	Target children with an elevated BLL screen				
9	0	#DIV/0!	Target children received or are receiving intervention for elevated BLL				
10	0	#DIV/0!	Target children with BLL resolved to normal by end of FY07				
11	58	76%	<b>Developmental Screening:</b> Number of target children assessed for developmental				
<del>12</del>	<del>3</del>	<del>5%</del>	delay per age				not higher because some are too y
12	3	5%	Target children with suspected/potential development delay identified				
13	3	100%	Target children with suspected/potential development delay referred to Early ACCESS				
<del>14</del>	<del>1</del>	<del>33%</del>	identified				
14	1	33%	Target children with suspected/potential development delay who participated in Early				1 refused and 1 closed
<del>15</del>	<del>28</del>	<del>76%</del>	ACCESS following referral				
15	28	76%	<b>Dental Home:</b> Target children $\geq$ 12mo accessed Dental provider or I-Smile services				
16							
<del>17</del>	<del>3</del>	<del>16%</del>					
17	3	16%	Pregnant women who had $\geq$ 1 dental exam/screening prenatal				
<b>FY09 Social, Environmental, Emotional and Community</b>							
<b>J. Father (FOB) Target Child Involvement</b>							
	Number	Percentage					
1	50	63%	Families, Father of the target child (FOB) involved				
2	21	26%	Families male involved in "fatherhood role" other than FOB				

K. Child Abuse/Neglect							
	Number	Percentage					
1	15	19%	Families on caseload with confirmed child abuse/neglect prior to FY09				
For TARGET CHILD							
	Number	Percentage					
3	2	3%	Confirmed abuse/neglect of <u>target child</u>				
4	1	1%	<u>Target children</u> placed in foster home				
5	0	<del>1%</del>	Confirmed abuses of <u>target child</u> following report by HOPES-HFI				
6	2	100%	Families continued HOPES-HFI participation following confirmed abuse of <u>target child</u>				
L. Child Care for Target Child							
	Number	Percentage					
1	1	1%	In non-registered home				
2	10	13%	In a registered home				
3	22	29%	With relative/friend				
4	0	0%	In a non-licensed childcare center				
5	5	7%	In a licensed childcare center				
6	1	1%	Accepted and accessed Child Care Resource & Referral				
7	16	21%	Received DHS child care assistance				
M. Pre-School for Target Child							
	Number	Percentage					
1	4	5%	Target children $\geq$ age 3 yr				
2	2	50%	Target children age $\geq$ 3 yr enrolled in a pre-school or Head Start				
							one refused
N. Family Access of Community Services							
	Number	Percentage					
1	6	8%	Accessed domestic violence/abuse services				
2	7	0%	Accessed training and voc-ed services (disability, technical training)
